

Tyson Library eNewsletter

Welcome to our digital newsletter! Below you'll find library news, reading recommendations, program information and more.

TYSON TRAVELERS VISIT SOUTH KOREA

The Tyson Travelers stamped their passports in South Korea on January 5. During their monthly session, they explored the Asian country's musical traditions by making their own spin drums. They also heard the story Moon Rabbit, a Korean folktale.

Tyson Travelers is a school-age program for students in kindergarten through 6th grade. Each month they meet and explore a new place or time period together. They learn about their destination through crafts, activities, foods, games, and more.

TYSON LIBRARY TRIVIA

January's Question:

In what year did Tyson Library officially open for patronage?

To enter to win our quarterly Adult Prize Drawing, email your answer to this month's question to info@tysonlibrary.org. Be sure to include "Tyson Library Trivia" in the subject line. Check next month's newsletter to see if you answered correctly!

LIBRARY HOURS

Monday-Friday
10am-6pm
Saturday
10am-3pm
Closed Sunday

Try a new hobby in the new year with our Library of Things!

January is full of fresh starts for many people. As a time of trying new things and learning new skills, we want to highlight just one of the many resources Tyson Library offers to help enrich our patron's lives.

Both round knitting loom kits come with 2 looms, a hook, and a needle. Patrons must provide their own yarn.

When it comes to finding a new hobby, our craft kits are a great place to start! You can borrow a kit or item from our Library of Things. This allows you to get started on a project or hobby without having to invest money into supplies and tools before you know if the hobby is a good fit for you. And, if it's a hobby you only want to enjoy every now and then, you may not ever have to make that investment - just borrow the item again when the urge hits!

BOOK REVIEW

The Library: A Fragile History by Andrew Pettegree, Arthur der Weduwen

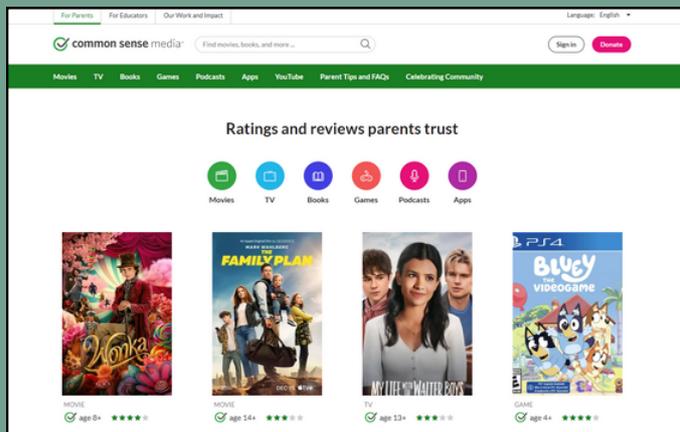

Reviewer: Aly Wright, Tyson Library Staff

While written in a very academic way, the knowledge the book contains is fascinating. Our knowledge is held in libraries, whether physical or electronic and its great to learn more about them.

ONLINE RESOURCE

Common Sense Media is a nonprofit organization providing age-based ratings and reviews on a wide variety of media types and genres. Their goal is to help provide tools and education to improve the internet experience for children by helping their families make informed decisions about what they could read, watch, or play.
