

Permission Slip

Under 18 yrs. old?

We need your parent's permission!

My child, _____ will be allowed to participate in Tyson Library's Minecraft Club.

Both my child and I are aware that children should be picked up **INSIDE the library and promptly at the end of the program.**

Both my child and I are aware of the library's policy for behavior in the library and on the computers. *Inappropriate use of Tyson Library computers may result in the patron's library privileges being revoked.*

Tyson Library may use my child's name, picture, and/or game creations in advertisement for the library in the event that we announce contest winners, participants, etc. This includes local newspapers and radio stations.

@ Tyson Library!

Build,
Create,
& Explore!

For all ages!

What is MinecraftEdu?

For our Minecraft Club at Tyson Library, we will be using a program called **MinecraftEdu**.

MinecraftEdu is a special version of Minecraft that is customized specifically for use in classrooms and libraries. It contains many additions to the original game that make it more useful and appropriate in an educational and fun setting. According to the MinecraftEdu website, over 5,500 teachers in 40+ countries have used MinecraftEdu to teach subjects from STEM to Language to History to Science to Art!

We hope that this software will be an excellent addition to our programming for all ages. Show off what you can create!

TEACHER APPROVED

MINECRAFTEDU

Fill out the permission slip now to join and reserve your spot!

	Minecraft	MinecraftEdu
System	Mac/PC	Mac/PC

Compare it!

The same features you love and even more ways to build your own creations!

Show off your building talent at special Minecraft Club events at Tyson Library!

Explore worlds and search for items in maps created by YOU and the library staff!

Win prizes at Minecraft Club contests throughout the year!

For Your Info

Tyson Library's Minecraft Club is open to all ages!

Groups will be separated according to interest levels. For example, we may have a group for K-6 and a separate group for teenagers (13-18).

We will meet during the school year . Specific dates and times for each group are still to be determined.

Building Sessions

Our normal sessions will mostly consist of learning how to play different aspects of Minecraft and building our own maps!

Minecraft Madness

We will have special sessions for completing specific events which may included prizes & snacks. These could range from creative contests, to themed scavenger hunts, to survival mode.

Patrons will be expected to follow the library's policy for behavior in the library and on our public computers.

Please feel free to contact the Tyson Library for more information or if you have any questions!
